# Campus Conservation Nationals Deadline Extended

Published on **2 Nov 2011** Posted in **Center for Green Schools**

The recent excitement around Campus Conservation Nationals has compelled us to extend the registration deadline for the spring 2012 competition to Nov. 15. Already, over 85 schools have committed, and 908 buildings and 90,800 students will compete! This competition is sure to be unlike any other, so don't forget to sign up if you haven't already.

CCN is the first nationwide electricity and water reduction competition on college and university campuses. Now in its second year, participating schools compete to achieve the greatest possible energy reductions in residence halls.
