

| v3 - LEED 2009

Water efficient landscaping - no potable water use or no irrigation

WEC1 | Possible 1 point

Glossary

Intent

To eliminate the use of potable water, or other natural surface or subsurface water resources available, on or near the project site for landscape irrigation.

Requirements

OPTION 1

Use only captured rainwater, recycled wastewater, recycled graywater or water treated and conveyed by a public agency specifically for nonpotable uses for irrigation.

OR

OPTION 2

Install landscaping that does not require permanent irrigation systems. Temporary irrigation systems used for plant establishment are allowed only if removed within a period not to exceed 18 months of installation.
