Documenting productivity impacts - absenteeism and health care cost impacts

EQc4.1 | Possible 1 point

Glossary

Intent

Document absenteeism, health care cost and productivity impacts of sustainable building performance improvements.

Requirements

Document the history of absenteeism and health care costs for building occupants for the previous five years (or length of building occupancy with a minimum of 12 months) and track changes in absenteeism and health care costs (claim costs must be provided and any reductions in premium costs should be provided if available) for building occupants over the performance period relative to sustainable building performance improvements.
