

Sustainable building costs documentation

ID5 | Possible point

Intent

To document sustainable building cost impacts.

To document sustainable building cost impacts.

Document sustainable building cost impacts.

Requirements

Document overall building operating costs for the previous 5 years (or length of building occupancy, whichever is shorter) and track changes in overall building operating costs during the performance period. Document building operating costs and financial impacts of all aspects of LEED 2009 for Existing Buildings: Operations & Maintenance implementation on an ongoing basis.

Follow the detailed instructions in the LEED Reference Guide for Green Building Operations & Maintenance, 2009 Edition.

Document overall building operating costs for the previous five years (or length of building occupancy, whichever is shorter) and track changes in overall building operating costs during the performance period. Document building operating costs and financial impacts of all aspects of LEED for Existing Buildings: O&M implementation on an ongoing basis. Follow the detailed instructions in the LEED for Existing Buildings: Operations & Maintenance Reference Guide.

Document overall building operating costs for the previous five years (or length of building occupancy, if shorter), and track changes in overall building operating costs over the performance period. Document building operating cost and financial impacts of all of the aspects of LEED for Existing Buildings implementation on an ongoing basis.
