

Storage and collection of recyclables

MRp1 | Required

Intent

To facilitate the reduction of waste generated by building occupants that is hauled to and disposed of in landfills.

Requirements

Provide an easily-accessible dedicated area for the collection and storage materials for recycling for the entire building. Materials must include at a minimum paper, corrugated cardboard, glass, plastics and metals.

Credit substitution available

You may use the LEED v4 version of this credit on v2009 projects. For more information [check out this article](#).
