

LEED BD+C: New Construction | v2 - LEED 2.1

Water efficient landscaping - no potable water use or no irrigation

WEc1.2 | Possible 1 point

Intent

Limit or eliminate the use of potable water for landscape irrigation.

Requirements

1 point in addition to WE 1.1

Use only captured rain or recycled site water to eliminate all potable water use for site irrigation (except for initial watering to establish plants), OR do not install permanent landscape irrigation systems.
