

# Center for Green Schools Opportunities: Green Classroom Professional Certificate

Published on **3 May 2012**

Posted in [Center for Green Schools](#)

## Green Classroom Professional Certificate

The Center for Green Schools officially launched the Green Classroom Professional Certificate this March, which is a certificate program for pre-K–12 teachers, paraprofessionals, other school staff and administrators. With the skills gained from the program, educators will be able to create sustainable learning spaces, identify features that support or impede environmentally healthy classrooms and help foster an attitude among youth and future generations to appreciate and model green practices.

The course is online, available anytime and followed by an assessment. The package takes 2-3 hours to complete, and the certificate is valid for five years. If you or someone you know is interested in signing up for the Green Classroom Professional Certificate, visit [centerforgreenschools.org/greenclassroom](http://centerforgreenschools.org/greenclassroom)
