**LEED O+M: Existing Buildings | v4 - LEED v4**

## Building-level water metering

### Required

1 result in **All** .

### Intent

To support water management and identify opportunities for additional water savings by tracking water consumption.

### Requirements

#### Establishment

Have permanently installed water meters that measure the total [potable water](#) use for the building and associated grounds. Metering of any gray or [reclaimed water](#) supplied to the building is encouraged but not required.

#### Performance

Record meter data on a monthly basis and compile; meter readings can be manual or automated.

Commit to sharing with USGBC the resulting whole-project water usage data for a five-year period beginning on the date the project accepts LEED certification.

This commitment must carry forward for five years or until the building changes ownership or lessee.
