

Solid waste management - facility maintenance and renovation

Possible 2 points

Intent

To divert construction, renovation, and demolition debris from disposal in landfills and incinerators and recover and recycle reusable materials.

Requirements

Establishment

None.

Performance

Divert at least 70% of the waste (by weight or volume) generated by facility maintenance and renovation activities from disposal in landfills and incinerators. Include base building elements as specified in the Materials and Resources prerequisite: Facility Maintenance and Renovation Policy.

Exclude furniture and furnishings that pose human health concerns (e.g., mold) as well as components not considered base building elements; mechanical, electrical, and plumbing components; and specialty items, such as elevators.
