Are you interested in contributing to the future of LEED?

Your time is now.

The U.S. Green Building Council call is now open for self-nominations of qualified applicants to serve as members of LEED Committees. These volunteers play a critical role in developing and maintaining the LEED rating system.

The following committees are seeking new members:

- Energy and Atmosphere Technical Advisory Group (EA TAG)
- Indoor Environmental Quality Technical Advisory Group (EQ TAG)
- Location and Planning Technical Advisory Group (LP TAG)
- Materials and Resources Technical Advisory Group (MR TAG)
- Sustainable Sites Technical Advisory Group (SS TAG)
- Water Efficiency Technical Advisory Group (WE TAG)
- Technical Committee
- Implementation Advisory Committee (IAC)
- Market Advisory Committee (MAC)

The call for volunteers will stay open until **this Friday**, December 7th at 5pm PST. There is no set number of volunteer positions available, but we expect to fill about 25 seats. Each volunteer position will be for a one year term beginning January 2013.

Read more about these opportunities and [submit an application](#).
