By popular demand (and given the data-heavy requirements of EBie submissions) the entry deadline is now **Tuesday, March 12 at 11:59 p.m. ET**. So there's still time to submit your project—and potentially walk the green carpet as an EBie Finalist on June 19 at the Hard Rock Café Theatre in NYC!

## A few notes about submissions:

- All projects must be completed in 2011. However they may have a start date prior to 2011.
- The "Before Period" is the 12-month period prior to the Project Start and the source of your "Before" Portfolio Manager data. The "After Period" is the 12-month period after the Project End, and also requires Portfolio Manager Data.
- Please refer to the EBie Scorecard when preparing your submission to understand how the jury will be evaluating your project.

Now in its second year, the *EBie Awards*™ are a **nationwide** juried competition created by Urban Green Council (USGBC New York) to celebrate performance improvements in Existing Buildings (hence the EBies), and the people who made them happen.
