LEED PILOT CREDIT EQpc44 Guideline for LEED Teams

**ERGONOMICS**

**O1 Intent**
To improve occupant well-being (human health, sustainability and performance) through integrating ergonomics principles, in the design of work spaces for all computer users.

**Design Phase:**

**O2 Engage**
Engage an Ergonomist or Health and Safety Specialist to assist in the development of the ergonomics strategy.

**O3 Commit**
Make a commitment to integrate ergonomics principles into the design.

**O4 Develop**
Collaborate with Ergonomist or Health and Safety Specialist to develop ergonomics strategy which includes:
- Design layouts/options
- Furniture & Equipment specification
- Standards/Guidelines to inform design options/selections
- Description of occupant NEEDS
- Education Program
- Measurement of key metrics
- Health
- Productivity
- Satisfaction

**O5 Submit**
The following documents must be submitted prior to occupancy to be eligible for the EQpc44 credit for New Construction:
- Confirmation that an Ergonomist or Health and Safety Specialist was engaged (step O2).
- Written commitment from the owner or owner’s representative that the ergonomics strategy will be implemented (step O3).
- Description of the ergonomics strategy (step O4).
