VOLUNTEER ROLE DESCRIPTION

Energy Efficiency Ambassadors
USGBC Community: Illinois Green Alliance
Application Deadline: Friday, February 2, 2018
Contact: Liz Kuehn, Program Coordinator, lkuehn@illinoisgreenalliance.org

Volunteer Position Overview
Become an energy efficiency expert in your neighborhood! Whether you are an energy efficiency novice or expert, Energy Efficiency Ambassadors will become well-versed in smart meter connected technology and related utility programs through training and testing of new smart technologies and energy efficiency programs in your own home, apartment or condo. As an Energy Efficiency Ambassador, you will share your energy efficiency knowledge with your neighborhood and community groups through outreach events, via social media and other platforms to help people save energy and money in their homes.

Opportunities to collaborate with other Energy Efficiency Ambassadors and neighborhood/community groups. Reports to Illinois Green Alliance staff (Liz Kuehn).

Qualifications
Interested in home energy efficiency; Public Speaking; Event Coordination; Develop relationships and communicate with community partners

Time Commitment
February to July 2018
